Subject: Fundraiser Opportunities

At Aviation Academy, we take great pride in getting the best opportunities available for our students and in order for that to happen, we need your assistance in generating some revenue in order to make this happen.

Some of the events that we do to include our students range from cookout socials to field trips. Unfortunately, with costs rising, it could create a situation where we may not be able to participate in as many events and trips as we would like to do.

That is why I am asking for your assistance. I recognize that everyone may not do everything, everyone can do something! As you will see in the following pages, I am attaching some of the ways that have been established in creating some revenue without much effort.

Take the time to review the current programs that we are participating in here at Aviation Academy. If you could assist us in some or all of these programs, our students will benefit greatly and if you have any suggestions to assist us, please don't hesitate to contact us.

By combing these efforts with our monthly fundraisers, it is our goal to continue and possibly enhance the great traditions that have been established here.

Thank you for your continued commitment.
